VAUGHN PUBLIC SCHOOLS INCREASE ATTENDANCE.

Vaughn, N. M., Sept. 27.—The public school of Vaughn has an enrollment of 145 pupils, 38 more than last year. A principal and two assistant teachers are engaged. Another large and comfortable room has been added to the main school building.

Vaughn has for some weeks been patronizing the county fruit and vegetable growers. Wagons are every day bringing in good apples, peaches, pumpkins, cantaloupes, beans and tomatoes from Anton Chico and Puerto de Luna, N. M.

D. W. Cotter is having the finishing touches put upon his neat little cottage.

A. Merrill has leased the Hotel Central on Tenth street.

C. C. Marshall of Kansas City, Mo., who is largely interested in Vaughn real estate, left this morning, after a few days' visit to his sons, Walter and Randolph.

Mrs. Maggie McDonald of Winslow, Ariz., is here visiting her parents, Mr. and Mrs. M. A. Cook.

A. F. Hardie of Dallas, Texas, who has been making a short visit to his son, postmaster Hardie, has returned home.

E. G. McNabb of Amarillo, Texas, is here for a few days.

Mrs. A. E. Lucas and Miss Ida Edison have returned from a visit to their parents in Dalhart, Texas.

That jolly old maid. Happy Hour.

SPEECHLESS FOR THANKS

Arkansas Lady Cannot Say

Enough in Praise of Cardui, Which Did Her a

World of Good.

Mena, Ark.—"I find Cardui to be all you represent," writes Mrs. H. B. York, of this city. "I suffered for nearly two years, before I tried your remedy. I have been so relieved since taking Cardui. I cannot say enough in its praise. It has done me a world of good, and I recommend Cardui to all women."

Similar letters come to us every day, from all over the country, telling the same story of benefit obtained from Cardui, the woman's tonic.

This great remedy is over 50 years old, and is more in demand today than ever. Cardui has stood the test of time. It is the standard, tonic medicine, for women of every age.

The first thought, in female ailments, would you like to be well and strong again? Then take Cardui. It can't possibly harm you, and its record indicates that it ought to help you.

Have you poor health? Cardui has assisted thousands of women to glowing good health.

Do you lack strength? Cardui is a strength-building tonic for women.

Over a million women have benefited by its use. Can you think of any good reason why you should not try it?

Ask your druggist. He knows.

CRUCES INSURGENTS FORM A NEW PARTY

Platform Endorses Initiative and Referendum and Advocates Submission.

Las Cruces, N. M., Sept. 27.—The insurgent Republicans of Dona Ana county are engaged in the formation of a new party, to be called the Progressive Republican party of Dona Ana county. At Las Cruces a meeting was held last night for the purpose of organization, at which the following executive committee was named: M. O. Llewellyn, Eugene Van Patten, B. J. Viljoen, J. F. Bonham, E. C. Wade, Charlene Armitage and R. E. Elliott. Morgan O. Llewellyn was named as temporary chairman and E. C. Wade Jr. as temporary secretary.

It was decided to send representatives to each precinct in the county for the purpose of appointing precinct chairmen and conducting a campaign of education among the voters. These precinct chairmen will meet in Las Cruces at a date to be determined later, and then organize as the Dona Ana county Progressive Republican party, the precinct chairmen to compose the county central committee and to elect their chairman and secretary.

At the meeting in Las Cruces the following platform was adopted:

"Resolved, That this organization is formed for the purpose of securing the incorporation into the constitution of the new state of New Mexico of the initiative, the referendum and the recall in such form as will give effect to the will of the people; a direct primary law, inclusive of an advisory vote upon the election of United States senators; the creation of a state public service commission to be elected direct by the vote of the people; the election of all state, district, county and precinct officers, including the judiciary, by the direct vote of the people; a constitutional provision prohibiting the sale of any of the state public lands for a period of 20 years, and the leasing of said lands in large quantities to any one person, association or corporation for a longer period than five years; the revision of our system of taxation so as to secure a fair and equitable distribution of the burden of taxation as between the rich and the poor and as between the different sections of the new state; effective provisions for an absolutely secret ballot and which will give to each voter the right of casting his vote uninfluenced by fear or coercion.

"We favor the submission to the voters of the new state of the prohibition question.

"We are opposed to boss or machine rule and demand strict fidelity on the part of all officeholders to the performance of the duties of their several offices.

"We deplore the efforts that have been made by selfish office holders to arouse race hatreds, and denounce those who have made such efforts as public enemies and dangerous to the community. We are unalterably opposed to any attempt to discriminate against any citizen."

CRUCES POSTOFFICE BECOMES TOO SMALL

New Quarters Must Be Secured Before New Building Is Constructed.

Las Cruces, N. M., Sept. 27.—Las Cruces is to have a federal building in the near future which will accommodate the postoffice, the land office, the United States commissioner's office and other federal offices, but during the time which must intervene between now and the completion of the new building, it has been found to be an imperative necessity that the postoffice be moved into larger quarters. The issue on the present room will expire on August 1, 1917, and notice will be posted next week asking for proposals to rent a suitable room from that date.

E. Rolfe, of Fort Worth, who is assistant superintendent of the postoffice supply department for the southwestern district, was in Las Cruces yesterday conferring with postmaster, and agreed with the postmaster that larger quarters should be secured. At present there are not enough lockboxes to meet the demand, besides the fact that the office force is cramped into very small space and unable to handle the mails with the dispatch that should be used. As soon as new quarters are secured the postmaster will increase the call box and the lock box space almost one-third more than it is at present.

The Philosophers and the Frog.

By a Staff Correspondent.

Dr. Safford, for many years professor of chemistry in the Medical College of the University of Nashville, used to tell his students a fable of the moral of which was "prove it." Certain wise men were gathered together to ascertain the explanation of a statement that within two glasses of water of equal weight and volume, one of the beams of a balance scale and a frog is then put in one of the vessels the balance remains the same, thus attempting to prove the assertion that a frog has no weight when immersed in water. Each wise man had his own explanation, and there was much heated argument and discussion. At length one of the wise men said: "But is your statement true? Let's prove it." Of course when it came to proving it, they couldn't.

So when you hear people say that Coca-Cola is injurious, just ask them to prove it. They can't. Nobody can, because it is not injurious. But on the other hand it can be proved that it is not injurious by chemical analysis. Or if you are not a chemist yourself, why not accept the verdict of every competent chemist who ever analyzed it? Eminent College and University Chemists, Commercial Chemists, Government, State and City Chemists—all have analyzed Coca-Cola and not one has ever been able to find anything injurious in it.
